

## **It's education, Mooseburger style!**

We believe all clowns should be well-rounded performers. There is no substitute for experience. Our goal is to teach our students confidence. We do that through excellent staff, tried and true curriculum, hands-on classes and labs on the things you need to know, and actual performance opportunities.

We are always excited to participate with clowns who have the desire to bring quality clown arts education to their community. Hosting a Moose Camp Caravan is a great way to boost the performance spirits of your clown club! Not everyone is in a position to attend the big week-long camp, so why not bring the greatest clown arts education to your town?
